

VIRTUAL PILGRIMAGE

Sons of Norway is excited to announce a new member benefit, a Virtual Pilgrimage on Norway's historic Kongsveien or Old Kings' Way. The Sons of Norway Virtual Pilgrimage is a window into the experience of the pilgrims in Norway who walk a network of routes called St. Olav's Ways. This network is named after King Olav Harraldson (995-1030) who trekked these trails converting pagan Norway to Christianity. The Gudbrandsdalen route, upon which the Sons of Norway Virtual Pilgrimage is based, is the most popular section for pilgrims along the King's Way. Members will keep track of their mileage and track their journey at home while following along with the journey in Norway.

By visiting sonsofnorway.com/pilgrimage members will learn about historic landmarks and tourist destinations in Norway along the route. Simply by getting out and walking at home and following the journey online, members have a chance to transform into a pilgrim on a virtual journey in Norway. After 387 miles of walking, the journey finishes at Nidaros Cathedral in Trondheim, Norway. Members will receive recognition for their hard work from the Sons of Norway Headquarters.

HISTORY

King Olav (995-1030) was born a Viking and became a King with hopes of spreading Christianity across Norway. His death during the battle of Stiklestad in the year 1030 was followed by mysterious events near his grave. Soon after he was honored as a saint king and acknowledged as St. Olaf. Since then people have been making pilgrimages to his burial site at Nidaros Cathedral in Trondheim. During the Middle Ages people flocked to follow in St. Olav's footsteps. The networks of St. Olav's Ways consist of 5,000 km of trails that pass by historical landmarks that were once built or inspired by St. Olav himself.
